"Quality Cancer Care Near You"

Dear Physician,

Highland Clinic Oncology Associates would like you to know that we are now able to provide non-chemotherapy infusions and biologic therapy at multiple locations. Along with our main campus location here in Shreveport, we have state of the art full- service clinics in both Minden and Natchitoches. With these three locations in Northwest Louisiana, we are able to provide your patients with quality care close to home.

The benefits of Infusion therapy at Highland Clinic Oncology Associates include:

- Physician supervision during infusion therapy
- Benefits assignment and prior authorization clearance, handled by Highland Clinic
- Copay assistance programs handled by Highland Clinic Financial Assistance Coordinators
- Specialty pharmacy needs and insurance requirements handled through Highland Clinic
- Process monitoring and supervision provided by Highland Clinic Oncology Patient Coordinator and Physician
- Non-Chemo infusion appointments readily available
- Regular feedback to Referring Physician on treatment status
- Implemented treatment plans are regularly faxed to referring physician for their records

With centers in Shreveport, Minden and Natchitoches your patients can benefit from easier access to care close to home. They will be expertly cared for by a highly trained staff with a proven record of quality care.

We look forward to working with you. Please feel free to call me with any questions or concerns you may have.

Sincerely,

Manish Dhawan, M.D.
